

# Carabiner Double TRI

## Product information

With the new carabiner series DOUBLE, SKYLOTEC provides a solution for all those who work and climb left-handed or use both hands. With the innovative design (180° spring rotation), the sleeve that closes the gate can rotate in both directions. Conventional Twist / TriLock carabiners can be turned only to the right; therefore, they are more difficult to use left-handed.

- Material:** Aluminum.
- Marking:** According to standard, CE-marked, supplier symbol, art no, standards, max. load.
- Standard:** EN 362-B, EN 12275-H
