

## Installation of fall protection systems

### Product information

CERTEX has many years of experience in installing fixed fall protection systems for our customers. The choice of brand, type of system, and attachments is determined after a visit to the customer.

After the system is installed, a certificate and warranty are provided, and CERTEX also offers inspection agreements to help our customers comply with legal requirements.

Contact us at [service@certex.se](mailto:service@certex.se) for more information.
