

## Marine Sling or Boat Lifting Sling

### Product information

Slings for lifting boats, the slings are white to prevent discoloration in salt water.

**Design:** Double sewn, flat woven slings with folded eyes. Alternatively with "shortening eyes" on request.

**Chemical resistance:** Resistant to most acids but not strong alkalizes.

**Stretch with working load:** 2-3%.

**Length tolerance:** Nominal length  $\pm 3\%$ .

Always apply and use extra protections to protect the sling from sharp edges, abrasion, wear and tear, due to the shape of the boat (keel & side).

Contact CERTEX for further information.

**Material:** Polyester.

**Marking:** According to standard, The slings are provided with a blue label with manufacturer's symbol, working load limit (WLL), length, CE marking and a label with handling instruction.

**Temperature range:** Approx.  $-40^{\circ}\text{C}$  up to  $+100^{\circ}\text{C}$ .

**Standard:** EN 1492-1

**Safety factor:** 7:1.
